Dear Ms. S.Harini,

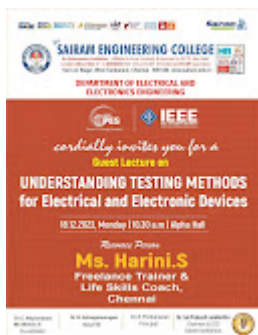

Ref: Telephonic Discussion on 7.12.2023

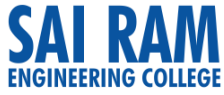

I hope you are doing great. The Department of Electrical and Electronics Engineering of Sri Sairam Engineering has planned to organize **GUEST LECTURE ON UNDERSTANDING TESTING METHODS FOR ELECTRICAL AND ELECTRONIC DEVICES**.

It will be a great pleasure and honour for us in inviting you as a **RESOURCE PERSON** for the same.

DATE: 18.12.2023 at 10.00a.m**VENUE:** SRI SAIRAM ENGINEERING COLLEGE
ALPHA HALL

Encl: Invitation

Thanks & Regards**Dr.R.Azhagumurugan****HOD/EEE****Cell No:9176769191****Sri Sairam Engineering College****Chennai-44****GUEST LECTURE 18-12-2023F.jpg**

GUEST LECTURE

Harini Saibalaji <harinisaibalaji@gmail.com>

Sat, Dec 16, 2023 at 5:55 PM

To: HOD EEE <HOD.EEE@sairam.edu.in>

Cc: "C. Nayanathara" <Nayanathara.EEE@sairam.edu.in>, Mohan S <mohan.eee@sairam.edu.in>

Respected Sir,

Thanks a lot for inviting and giving me an opportunity to deliver the the guest lecture coming Monday on the 18th of December, 2023 at ur college premises. I will make sure to give my best on the assigned topic and make it a successful one.

Thanks and regards,

Harini Saibalaji.

REPORT ON

GUEST LECTURE ON UNDERSTANDING TESTING METHODS FOR ELECTRICAL AND ELECTRONIC DEVICES

DATE : 20.12.2023.FN
SPEAKER : MS.HARINE ,LIFE SKILLS COACH& CAREER CONSULTANT

Guest lecture on “**UNDERSTANDING TESTING METHODS FOR ELECTRICAL AND ELECTRONIC DEVICES**” “was successfully organized by the Department of Electrical and Electronics Engineering. It was organized for third and second Year students and the contents covered were highly beneficial. A Brief report of the day is given below with the feedback at the end:

Details:

A Guest Lecture on **UNDERSTANDING TESTING METHODS FOR ELECTRICAL AND ELECTRONIC DEVICES** by the expert, Ms.S.Harine Career Consultant , who provided a strong intuition and insight of the testing methods to evaluate the functionality of the devices under test without looking at the internal code structure.

Device testing is a process to detect hidden errors, or functional inconsistencies in a software’s code by running the software through various tests. After the successful completion of testing rounds, a detailed report is prepared by the tester, which assists developers in making sure that the software runs error free, and fix all the identified issues, such as –

- Architectural Errors
- Poor Designs
- Invalid Functionality
- Security Loopholes

Though there are various types of software testing, the widely used testing measures are considered to be Black Box Testing, White Box Testing, and Grey Box Testing. These testing measures differ majorly in their approach, yet are collectively effective in helping developers keep their code clean and functional.

Yes Good

Yes Knowledge on testing and its importance

Yes Knowledge about testing

Yes

Yes Testing of products

Yes I learned new things

Yes How product will be tested and marketed

Yes Gained knowledge about electric vehicles

Yes Black box, white and grey box testing i understand with daily life examples

Yes Some ideas of testing

Yes Information was useful

Yes Testing process

Yes Good

Yes Importance of quality check department

Yes Get some testing knowledge

Yes About testing of the devices

Yes Various testing techniques

Yes Good and interesting session

Yes By my understanding about the importance of testing in products

Yes Many details about testing

Yes Testing techniques

Yes Many details about testing and Type of test.

Yes Testing the product is very important.

Yes Testing plays a very crucial role for a product before and after launch. Not only before

Yes I learn about how the testing team can do their work and how the hardware or software

Yes Gained knowledge about testing and product development life cycle

Yes I am learned about the importance of testing

Yes We have learnt a new thing about testing and it's very usefull to us.

Yes Good knowledge about the testing and development

Yes Testing methods, new way to explore electronics

Yes This session is very informative and I have learned new topic

Yes Some knowledge about the testing and EV vehicle

Yes Learned about product development life cycle and gained knowledge about testing me

Yes Got a good info in testing

Yes Testing methods , new ways to explore electronics

Yes Got an information in Testing methods,new ways to explore

Yes I got knowledge about the Testing play a vital in developing the product

Yes I am understanding to basic testing methods. This methods apply with next upcoming p

Yes Focus on EV rather than college placements

Yes I have learnt about the testing and PDLC which is necessary for developing a product c

Yes Get some testing knowledge

Yes I learned how test is important and I am very interested to test every PCB board and i

Yes New skill about testing

Yes	Importance of testing in product and software development
Yes	About the importance of testing in products and this will helpfull in interviews and for m
Yes	New information gathered
Yes	Importance of Design and testing in product and software development
Yes	I Learn and new thinks
Yes	There I can knew about the production cycle.definitely it will help for us
Yes	Basic knowledge about testing in industrial point of view
