DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

VISION

To inculcate discipline, good quality education, research and training, wide knowledge to meet the global standards, opportunities to gain practical knowledge in the laboratories, awareness in emerging technologies in students to render their services for the betterment of the society with ethics.

MISSION

To provide a platform in acquiring knowledge in the field of Electrical and Electronics Engineering with highest quality in technical education and services to the society. To fulfill the needs:

TEACHING AND MENTORING - To provide best teaching and mentoring through ethical and moral values.

PROFESSIONAL GROWTH- To provide quality education for Electrical and Electronics Engineers that prepares them for exemplary life-long career and professional growth.

CUTTING-EDGE TECHNOLOGIES- To develop cutting edge technologies through research that meets the needs of industry, government and the scientific community.

HIGHER STUDIES- To guide our graduates to pursue their formal education further, including PG and PhD programmes.

SOLUTION PROVIDERS- To excel in student learning activities, to produce them as problem solvers as a team or individual by active interaction and effective communication with peers and stakeholders.

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

PROGRAM EDUCATIONAL OBJECTIVES

PEO I: Graduate will apply the principles of basic science, mathematics and engineering fundamentals necessary to formulate, solve and analyze engineering problems.

PEO II: Graduate will expertise in the field of Electrical and Electronics Engineering.

PEO III: Graduate will acquire the knowledge for pursuing advanced degrees in Engineering, Science, Management, Research and Development.

PEO IV: Graduate will achieve professionalism, leadership qualities, self and continuous learning.

PEO V: Graduate will fulfill the needs of the society by working as Engineers, Entrepreneurs in core as well as inter-disciplinary areas in an ethical and responsible manner.

PROGRAM SPECIFIC OUTCOMES

PSO1. Students will gain proficiency in analyzing and resolving complex issues related to Power and Energy, Power Electronics and Embedded Systems.

PSO2. Students will gain the knowledge to design and control electrical machines and drives for applications in transportation and industrial sectors.

From the HoD's desk...

Dr. R. Azhagumurugan M.E., Ph. D
Head of the Department
Electrical and Electronics Engineering

We are pleased to share the highlights of the Department of Electrical and Electronics Engineering from **June 2024 to December 2024**. The department successfully conducted the National Level Technical Symposium “**FLUXERA 2K24**” on **17th September 2024**, providing a platform for students to showcase their technical skills. We also hosted the **IEEE Technically Sponsored Fourth International Conference (ICPECTS 2024)** on 8th and 9th October 2024, promoting research and innovation. As part of the Founder's Day Celebration, the IEEE HKN Nu Eta Chapter organized a Hands-on Training on Design Modelling using Fusion 360 software, enhancing students' practical knowledge.

A series of technical sessions were organized, including a Special Talk on AI in Power Electronics and Renewable Energy Systems during **SAI MAGNICON** and a seminar on the Latest Trends in the Semiconductor Industry, ensuring students stay updated with industry advancements. The **SAIRAM ENSAV Club** successfully conducted **Energy Diplomacy**, where teams took roles as CEO, Policy Maker, and Environment Analyst to discuss the Global Transition towards Renewable Energy, fostering leadership and analytical skills.

We are also proud to highlight that our faculty members actively engaged in various internships, enhancing their industrial knowledge to provide a better learning experience for students. Furthermore, our students made remarkable achievements, including emerging as winners of the **Smart India Hackathon (SIH) 2024** and securing laurels in various technical events and competitions. As we move forward, we encourage our students and faculty to continue their journey of innovation, research, and excellence in Electrical and Electronics Engineering.

RESEARCH

Anna University – Research Centre Recognition

The Department of Electrical and Electronics Engineering has been recognized as a Research center by Anna University vide Letter No. 1419/IR/EEE/AR2 dt 14.09.2022. This facilitates to interact with Anna University in collaborative research for the purpose of pursuing Ph.D. / M.S. (By Research) programmes.

This recognition is renewed once in three years in compliance with the required norms for research center as applicable. In accordance to the norms the research center is renewed up to June 2025 as per the “Common Renewal Session” to do collaborative research programmer with Anna University .

1.Dr. K. Prathibanandhi, Associate Professor / Supervisor Recognition : 4030019

She is a recognized supervisor in the area of “Power Electronics, optimization Techniques, Renewable Energy Technologies and wireless network” under the Faculty of Electrical Engineering, Anna University.
